

COMPLETE RESTROOM RESTORATION

TOUCH-FREE RESTROOM RESTORATION SYSTEM

Maintaining a clean and healthy restroom environment at any public facility can be challenging if you don't have the right tools for the job. The **CR2 JR.** from EDIC is the compact version of our CR2, and like its big brother, the CR2 JR. simplifies restroom cleaning for professional cleaners and in-house maintenance teams. It provides a proven **touch-free cleaning system** for unmatched cleaning results that you don't have to get your hands dirty to achieve.

Deep Clean Restrooms Without Getting Your Hands Dirty

- Touch-free system deep cleans where mop and bucket fail, leaving the restroom clean and healthy
- Adjustable 550 psi pump (operating pressure 75-500 psi) provides versatile and effective cleaning into the porous tile and grout lines and hard-to-reach places
- The pump adjusts down to 75 psi in rinse mode to reduce splashing and overspray when rinsing toilets and other fixtures
- Complete Package: Squeegee wand with dual head, spray gun, gulper tool, QuickDri, hand squeegee, sink attachment, and hoses included
- Built-in chemical feed system for high productivity and accurate chemical metering
- Wand, gun, and hose caddies designed for easy transport and storage
- Compact 12 gallon capacity for limited storage space
- Simple two-bolt access to components for easy maintenance and service
- Laminated operations card with links to training videos

**5 YEAR
WARRANTY**
