

### CARPET CLEANER & SPOTTER

### UPHOLSTERY CLEANER

#### Powerful & Easy to Operate

The amazing Fivestar is a small, self-contained unit with powerful brush agitation to clean carpets effectively. It weighs only 40 pounds, so it's light enough for anyone to handle. The compact body design and fold-down handle make it a breeze to transport and store.

A revolutionary bladder design allows you to fill and empty out of the same bucket and eliminates the need to pour the solution into the machine. Simply fill the bucket, set it on the machine, close the lid, and begin cleaning. No more spills or messes!

The Fivestar is small enough to clean tight spaces and corners yet powerful enough to perform well in any commercial setting. Add the optional upholstery kit, and the Fivestar becomes an all-in-one carpet & upholstery cleaning package.

#### Simple Maintenance

Remove two screws; the machine opens like a clamshell for fast service. Component wiring with quick connects makes it quick & easy to service or replace components.
