HEAT-READY CARPET EXTRACTOR

RESTORATIVE CARPET CLEANING

UPHOLSTERY & SPOT CLEANING

ON DEMAND HEAT

The EDIC professional line of Galaxy 2000 portable carpet extractors come heat-ready. Life's little decisions just got a whole lot easier! You can purchase any Galaxy without a heater and if you change your mind, no problem. Simply order our Heat N'Run external heater, place it on the built-in mounting bracket and you have on-demand cleaning temperatures of 200+ degrees! With the heater located on the outside of the extractor, the electrical components on the inside of the machine run cooler, extending the life of the vacuum and pump motors. Like the Galaxy tank and body, the stainless steel heater tank is guaranteed for life. If a repair is necessary, simply lift the heater off the back of the machine and continue to use the Galaxy without heat and finish the job!

Work vans can be packed with equipment. The Galaxy unit, with its' compact size and power, gives contractors a special advantage.

HEAT-READY

The Galaxy 2000 is designed with the ability to easily add the Heat N'Run external water heating system to the machine at anytime. Using hot water when cleaning carpet with an extractor increases cleaning results and productivity dramatically, and reduces the overall cost of cleaning. On-demand heat is a must have option when cleaning heavily soiled carpets.

HEAT-READY CARPET EXTRACTOR

Features & Benefits

- Exclusive heat-ready system offers the ultimate in versatility
- External heater makes repairs a snap and keeps heat away from the motor compartment
- Clean "granite look" projects an image of professionalism and keeps the Galaxy looking sharp
- Upright-mounted vacuum motors along with a special intercooler guarantee long life and durability
- Standard 5-gallon bucket fits under drain valve for easy emptying
- Opens quickly like a clamshell for easy servicing
- Top-mounted switches
- Sealed motor cavity insures that spills on the outside stay out
- The Galaxy CX offers 500PSI, Dual 3 Stage Vacs with 190" waterlift all on a single cord!
- Exclusive rear mounted components and connections make it easier to move the machine away from you and out of the way as you are cleaning
- 3 sides are totally free of fittings so it's easy to load without damage on either side, the front or on its wheels with the casters locked
- The large rear wheels protect the components from damage during transport
- Twist lock cords allow you to quickly drop the cords in place and transport the machine to an approved location to fill or empty
- Industry leading 5 year warranty on parts & labor and lifetime warranty on the body
