SUPERNOVA

Self-Contained Carpet Extractors

CLEANS TO THE WALL

CLEANS IN FORWARD OR REVERSE

OPTIONAL TOOLS FOR DETAILING

TWO-WAY CARPET CLEANING SYSTEM

There is nothing like the Supernova™ series of self-contained carpet extractors. A remarkable self-contained extractor that cleans carpet in both forward and reverse, providing unparalleled productivity in any facility with large carpet areas to clean. A simple pull of the lever instantly changes between forward and reverse to assist with movement reducing strain on the operator.

The Supernova is the industry's only self-contained carpet extractor with a dual vacuum system for unmatched water and soil recovery for carpet cleaning. The Supernova increases productivity on maintenance carpet cleaning jobs to dramatically reduce labor costs.

SUPERNOVA

Self-Contained Carpet Extractors

Features & Benefits

- Two-way system for forward and reverse operation
- Patented self-adjusting, self-leveling brush and vacuum shoes for easy cleaning of all carpet lengths and uneven floors, plus longer brush life
- A wide 19" cleaning path increases productivity.
- The exclusive "clamshell" body provides fast and easy internal access for quick servicing
- Patented lift-off recovery buckets—no drain hose
- Fully adjustable handle
- Patented 4-wheel design gives extraordinary balance and reduces turning radius for easy maneuverability in tight areas
- Side extension for cleaning right to baseboards
- Dual spray jets on both sides of the brush suspend the soil for increased pick-up and faster drying
- The detachable cord makes it easy to drop the cord and wheel away for quickly dumping dirty water
